# WHERE CAPITAL ADAPTS AND THE MARKET TRANSFORMS

**10 June, 2026 | London Marriott, Grosvenor Square**

## Where our ILS community connects you to capital, insight and influence

ILS Connect London brings you into the heart of the global ILS conversation alongside the senior leaders, investors and reinsurers shaping the future of alternative capital.

Built by our *Insurance Insider ILS* community, this one-day event connects you with a highly targeted audience focused on capital flows, risk transfer and market innovation. By partnering with us, you align your brand with trusted insight, deep market analysis and the conversations that matter most to ILS decision-makers.

Sponsoring ILS Connect goes beyond visibility. It gives you a platform to share expertise, influence debate and engage directly with the investors and counterparties driving the evolution of the ILS market before, during and long after the event.

Through our content, connections and editorial reach, your brand remains front of mind with our ILS audience well beyond the day itself.
